

Please do not take actions that weaken Wisconsin's law relating to consumer protection from unwanted phone solicitations. PLEASE NOTE THAT IF TELEPHONES EXISTED WHEN THE U.S. BILL OF RIGHTS WAS INITIALLY DRAFTED, I AM CERTAIN THAT OUR FOUNDING FATHERS WOULD NOT HAVE ALLOWED FOR SUCH DIRECT AND UNWANTED INTRUSION INTO OUR PERSONAL LIVES. It makes no sense for the FCC to ban language broadcast over the radio (something that I can elect to turn on or off if I so choose), but do nothing to protect me from harassing phone calls. In short, nobody (even non-profits) should be allowed to solicit me via a phone call into my home.
